Wärtsilä Cargo Handling and Fuel Supply Systems again selected for Oriental Energy vessels

The technology group Wärtsilä will supply the Cargo Handling and LPG Fuel Supply Systems for two new very large gas carriers (VLGC) being built for China-based Oriental Energy, a company mainly focusing on operation of PCG (Propane Dehydrogenation) factories and LPG trading. The ships are under construction at the Jiangnan yard in China. The order with Wärtsilä was placed in April 2021.
